## Catriona Read

Partner

PwC Canada

---

Catriona Read is a partner with PwC Toronto and has over 22 years of experience serving asset management and other financial services clients. Catriona's specific experience includes clients in all aspects of the asset management industry and she leads the audits on a number of the firm's largest Canadian retail fund families and asset managers as well as several alternative fund families and managers both in the retail and private space. She has significant experience working with clients on both initial and secondary public offerings and has supported a number of US and other foreign asset managers in the launch of their products in the Canadian market.

Catriona is currently a member of PwC's Blockchain and Cryptocurrency Steering Committee and represents Canada on PwC's Global Asset Management Crypto Committee. Catriona is a current member of the Board of Directors of the Michael Garron Hospital and of the Investment Committee of the PwC Partners' Pension Plan. She graduated from Queen's University with a B. Comm (Hons).
